SECTION 1:

SUMMARY INFORMATION

1986 COLLECTIVE AGREEMENT EXPIRATIONS

SUMMARY

This Calendar of expiring collective agreements lists collective bargaining agreements that will expire in 1986. The intent of the calendar is to list as many expirations as possible regardless of size. However, because many agreements that expired in the latter part of 1985 have not as yet been re-negotiated, it is not possible to include information on them. For this reason, an addenda to this calendar will be issued in July, 1986.

Based upon the present information, there are 234 collective agreements expiring in 1986 in Manitoba which fall under the provisions of The Manitoba Labour Relations Act. A total of 17,146 employees are affected. Of this total, 16,039 employees are covered by collective agreements which are not considered confidential. The 20 agreements which are still considered confidential under Section 63(2) of the old Labour Relations Act represent a total of 1,107 employees.

The month showing the greatest number of expirations is April with 64. December shows the second largest number of expirations with 61.

The greatest number of expirations fall into the Service industry (104) with Manufacturing next at 70 and Trade third with 18 expirations.

Two hundred of those agreements expiring in 1986 affect 100 persons or less. This represents 85.5 percent of the total expirations known at this time.

It is significant to note that, although they are not recorded in either the Calendar or Addenda, an additional 57 collective bargaining situations exist which fall under the provisions of The Public Schools Act.
